

Lake Region Correctional Facility

ANNUAL PREA REPORT AND ALLEGATION SUMMARY

2016

In 2016, the Lake Region Correctional Facility (LRCF) continued to make progress. On June 11, 2015 the LRCF received certification of PREA compliance. The report is posted on our website at www.lrlec.org. In 2017, we are scheduled to be audited again in June as part of the PREA Audit rotation. In 2016 our staff turnover was still an issue, but we have maintained adequate staffing levels. We are currently in the process of reviewing our staffing plan.

There was a 54% decrease in overall PREA allegations from 2015.

In 2016 the LRLEC was focused on maintaining PREA training to ensure that staff is knowledgeable of the PREA standards as well as other trainings to continue gaining experience. This year in 2017 we will continue to have regular PREA trainings and refreshers to make sure everyone is continuing to learn and expand their knowledge of PREA. We will continue to deliver consistent implementation of PREA policy and procedures, as well as related documentation.

2017 looks to be a promising year from the experience gained from the previous year. Teamwork is key to success not only in PREA, but making sure the facility operates efficiently. We are very excited to see what the new year brings us.
