Targeted Inmate/Resident/Detainee Interviews	
58. Enter the total number of TARGETED INMATES/RESIDENTS/DETAINEES who were interviewed:	1
<p>As stated in the PREA Auditor Handbook, the breakdown of targeted interviews is intended to guide auditors in interviewing the appropriate cross-section of inmates/residents/detainees who are the most vulnerable to sexual abuse and sexual harassment. When completing questions regarding targeted inmate/resident/detainee interviews below, remember that an interview with one inmate/resident/detainee may satisfy multiple targeted interview requirements. These questions are asking about the number of interviews conducted using the targeted inmate/resident/detainee protocols. For example, if an auditor interviews an inmate who has a physical disability, is being held in segregated housing due to risk of sexual victimization, and disclosed prior sexual victimization, that interview would be included in the totals for each of those questions. Therefore, in most cases, the sum of all the following responses to the targeted inmate/resident/detainee interview categories will exceed the total number of targeted inmates/residents/detainees who were interviewed. If a particular targeted population is not applicable in the audited facility, enter "0".</p>	
60. Enter the total number of interviews conducted with inmates/residents/detainees with a physical disability using the "Disabled and Limited English Proficient Inmates" protocol:	0

<p>b. Discuss your corroboration strategies to determine if this population exists in the audited facility (e.g., based on information obtained from the PAQ; documentation reviewed onsite; and discussions with staff and other inmates/residents/detainees).</p>	<p>I interviewed residents and staff at the facility and reviewed screening documents of residents which corroborated that there were no residents with this characteristic to be interviewed.</p>

SITE REVIEW AND DOCUMENTATION SAMPLING

Site Review

PREA Standard 115.401 (h) states, "The auditor shall have access to, and shall observe, all areas of the audited facilities." In order to meet the requirements in this Standard, the site review portion of the onsite audit must include a thorough examination of the entire facility. The site review is not a casual tour of the facility. It is an active, inquiring process that includes talking with staff and inmates to determine whether, and the extent to which, the audited facility's practices demonstrate compliance with the Standards. Note: As you are conducting the site review, you must document your tests of critical functions, important information gathered through observations, and any issues identified with facility practices. The information you collect through the site review is a crucial part of the evidence you will analyze as part of your compliance determinations and will be needed to complete your audit report, including the Post-Audit Reporting Information.

84. Did you have access to all areas of the facility?	<input checked="" type="radio"/> Yes <input type="radio"/> No
--	--

SEXUAL ABUSE AND SEXUAL HARASSMENT ALLEGATIONS AND INVESTIGATIONS IN THIS FACILITY

Sexual Abuse and Sexual Harassment Allegations and Investigations Overview

Remember the number of allegations should be based on a review of all sources of allegations (e.g., hotline, third-party, grievances) and should not be based solely on the number of investigations conducted. Note: For question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, or detainee sexual abuse allegations and investigations, as applicable to the facility type being audited.

92. Total number of SEXUAL ABUSE allegations and investigations overview during the 12 months preceding the audit, by incident type:

	# of sexual abuse allegations	# of criminal investigations	# of administrative investigations	# of allegations that had both criminal and administrative investigations
Inmate-on-inmate sexual abuse	0	0	0	0
Staff-on-inmate sexual abuse	0	0	0	0
Total	0	0	0	0

93. Total number of SEXUAL HARASSMENT allegations and investigations overview during the 12 months preceding the audit, by incident type:

Sexual Abuse and Sexual Harassment Investigation Outcomes

Sexual Abuse Investigation Outcomes

Note: these counts should reflect where the investigation is currently (i.e., if a criminal investigation was referred for prosecution and resulted in a conviction, that investigation outcome should only appear in the count for “convicted.”) Do not double count. Additionally, for question brevity, we use the term “inmate” in the following questions. Auditors should provide information on inmate, resident, and detainee sexual abuse investigation files, as applicable to the facility type being audited.

94. Criminal SEXUAL ABUSE investigation outcomes during the 12 months preceding the audit:

Auditor Overall Determination Definitions	
<ul style="list-style-type: none"> • Exceeds Standard (Substantially exceeds requirement of standard) • Meets Standard (substantial compliance; complies in all material ways with the stand for the relevant review period) • Does Not Meet Standard (requires corrective actions) 	
Auditor Discussion Instructions	
<p>Auditor discussion, including the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.</p>	

115.211	Zero tolerance of sexual abuse and sexual harassment; PREA coordinator
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The Lake Region Residential Reentry Center (LRRRC) is operated by the Lake Region Law Enforcement Center. The LRRRC’s PREA Policy follows the guidelines of the PREA standards. Throughout this report this will be referred to as the “PREA policy”. The PREA policy mandates zero tolerance toward all forms of sexual abuse and sexual harassment and outlines the agency’s approach to preventing, detecting, and responding to such conduct.</p> <p>The center is operated by a county board of commissioners who have seats to provide representation of all the counties that make up this multi-county regional center. The day-to-day center administration is managed by the Operations Manager. The Operations Manager works very closely with the LRLEC Director and the PREA Coordinator who is tasked with maintaining PREA Compliance. The PREA Coordinator reports directly to the Captain and is a senior-level staff and directly oversees the center’s PREA efforts in concert with the center’s operations manager. The PREA Coordinator and the Operations Manager have the time and the authority</p>

	<p>to carry out their PREA-related duties. It is important to note that during this last cycle this center experienced staffing shortages that required the PREA Coordinator work correctional officer shifts for a period of time. Although PREA-related activities did suffer during this period, they did continue, did not fall below compliance requirements, and as soon as normal staffing levels resumed, the PREA Coordinator assumed her normal duties and PREA related activities were resumed to the high level and expectations that she has set for herself. Throughout the audit process the staff were very responsive.</p>

115.212	Contracting with other entities for the confinement of residents
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The LRRRC does not contract with other entities for the confinement of its residents

115.213	Supervision and monitoring
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The auditor interviewed the Chairman of the Lake Region Law Enforcement Center Governing Board, the Director, the Operations Manager, and the PREA Coordinator. The auditor reviewed the LRRRC PREA policy, verified the staffing levels through the schedule that was provided and verified through direct observation while on the facility tour. The LRRRC has one Operations Manager, one Case Manager and six (6) Reentry Officers. There is always one direct care staff on duty 24 hours each day. Typically, during the weekday there is one Operations Manager and one Case Manager on duty.</p> <p>The auditor reviewed the last staffing plan that was completed in 2020. The Staffing Plan lists the staff and the resident numbers and physical layout. although staffing levels are reviewed on a continuous basis, a formal staffing plan has not been completed nor has the staffing plan been reviewed annually as required by the standard. The new Guardian rounds tracker system now records when the staff complete their housing rounds and alarms when they are close to missing the hourly round as required. There are multiple cameras throughout the facility that are monitored in the staff office. A new camera was added since the last audit to the kitchen storeroom. The facility is requesting an additional camera in the external yard as they have identified this area as a blind spot.</p> <p>CORRECTIVE ACTION: The auditor required an annual staffing plan review. On September 20, 2023, the PREA Coordinator provided an updated staffing plan that</p>

	was reviewed on September 1, 2023.
--	------------------------------------

115.215	Limits to cross-gender viewing and searches
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Reentry staff conduct rounds once each hour and all staff make the announcement when entering opposite gendered housing and prior to opening a resident’s door. This was confirmed during the audit tour and through interviews with residents and with staff. LRRRC prohibits male staff from conducting cross gender searches of female residents. Female residents’ access to regularly available programming is not restricted. All interviews with both residents and staff confirmed the practice. The policy prohibits examination for the sole purpose of determining gender and staff are knowledgeable of correct search procedures as confirmed through interviews. Staff are adequately trained in searches of inmates who are transgender or intersex, and such training is required by their policy. All staff did a great job with the back of the hand for opposite gender or transgendered searches. Residents shower in private shower stalls with shower curtains and toilet stalls with doors to provide privacy and to prevent observation by staff of the opposite gender or casual observers.</p>

115.216	Residents with disabilities and residents who are limited English proficient
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The LRRRC will provide PREA information to all residents with disabilities including residents who are deaf or hard of hearing, those who are blind or have low vision, or those who have intellectual, psychiatric, or speech disabilities so that they have an equal opportunity to participate in or benefit from all aspects of LRRRC’s efforts to prevent, detect, and respond to sexual have access to use the interpretive service for all communications other than day-to[1]day routine communication. There were no non-English speaking residents at the facility during the audit. The LRRRC will provide basic PREA information verbally to residents who are blind or visually impaired, those who have intellectual, psychiatric, or disabilities. They provide written information to residents who are deaf or hard of hearing or if required, they will provide an ASL interpreter. The LRRRC uses the Language Link for translation services.</p>

115.217	Hiring and promotion decisions
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The LRRRC Policy 305 Recruitment and Selection governs the hiring process and includes the components required by this PREA standard. Law enforcement background checks are run upon hire. They are also re-ran every five years. The LRRRC ran background checks on all staff in 2020 and every new hire since that time. They will run all staff again in 2025 and continue this process every five years to ensure that background checks are always current. The LRRRC asks the required questions within their hiring process regarding any previous sexual misconduct and documents this on a form that is signed and dated by each employee. This form also requires that the employee acknowledges understanding of the required continuing duty to report any adverse contact with law enforcement or sexual misconduct throughout the terms of their employment. These questions are asked again annually of each employee. The facility checks with all previous institutional employers specifically regarding substantiated allegations of sexual abuse and provided documented evidence to support this. The auditor verified these requirements were met by interviewing staff and viewing a sample of the required documentation.</p>

115.218	Upgrades to facilities and technology
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The auditor reviewed the LRRRC PREA policy, video monitoring systems, directly observed the facility and conducted interviews with the Chairman of the Lake Region Law Enforcement Center Governing Board, the Director, the Operations Manager, and the PREA Coordinator. The facility considers protection of residents and the standards when contemplating upgrades to the facility or in the application of technology. Recently the agency added a Guardian rounds tracker system to ensure hourly rounds are conducted and documented as required. Also, the facility has enlarged their staff office where camera monitoring equipment is located to better aid in resident observation and better flow of resident traffic. They have camera systems in key areas. The camera systems are upgraded as needed throughout service.</p>

115.221	Evidence protocol and forensic medical examinations
	Auditor Overall Determination: Meets Standard

	<p>Auditor Discussion</p> <p>The auditor reviewed the PREA policy and interviewed both the criminal and administrative investigators that conduct investigations. The auditor spoke with the director at Safe Alternatives for Abused Families (SAAF) who provides an advocate for accompaniment, victim support services, a sexual assault examination room and a Sexual Assault Nurse Examiner (SANE). Residents who have been sexually assaulted can be transported to SAAF where the SANE will conduct a forensic medical sexual assault examination. The LRRRC has a Memorandum of Understanding (MOU) with SAAF for these services. When law enforcement responds to a sexual assault case within the center, evidence protocol is followed, and they work cooperatively with the SANE to ensure all usable physical evidence is gathered. The LRRRC has an MOU with the Devils Lake Police Department to provide investigations in accordance with PREA standards 115.221.</p>
--	--

115.222	<p>Policies to ensure referrals of allegations for investigations</p> <p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>The PREA policy requires the facility refer all allegations for investigation. The LRRRC investigations are completed by qualified investigators and required documentation and reporting occurs. There are trained administrative investigators from the facility and criminal investigators from the Devil’s Lake Police Department available to investigate allegations of sexual misconduct within the center. The administrative investigators have completed the North Dakota Department of Corrections and Rehabilitation’s (NDDOCR) course PREA Investigator Training. Staff sexual misconduct may be investigated through an independent investigation conducted by the North Dakota Bureau of Criminal Investigations if referred by the police department. The investigative policy is published on correctional facility’s website but is not on the LRRRC’s webpage.</p> <p>CORRECTIVE ACTION: The auditor required that the investigative policy be published at https://www.lrlc.org/LRRRCreports.html. On June 20, 2023 the auditor verified that the policy was published on the LRRRC website.</p>
----------------	---

115.231	<p>Employee training</p> <p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>The auditor interviewed the Operations Manager, the PREA Coordinator, and staff</p>
----------------	---

	<p>and reviewed training documentation. Newly hired staff have orientation training which includes the required components of this PREA training standard. Staff sign an acknowledgement form that they understand the requirements of PREA, the facility's zero tolerance policy and that they must immediately report any information or knowledge of sexual abuse or sexual harassment. However, they were using their acknowledgement form that they also use for volunteers and contractors. The training documentation forms should be relevant to the material that they cover. New hires participate in training through the National Institute of Corrections (NIC) video PREA: Your Role Responding to Sexual Abuse, a review of the agency PREA policies, and some basic in-person training provided to them by the PREA Coordinator. For refresher training by existing employees they provide in-service training and policy review through various methods such as NIC, Corrections One, Lexipol, LocalGov, the Justice Clearinghouse, and presentations taught by the PREA Coordinator. Staff were knowledgeable in the required competencies such as the correct first responder response - separate, provide care, protect evidence, call for assistance, notify the supervisor and provide a written report. However, the training documentation pulled in the random sample was very spotty and what is documented, is recorded in numerous different ways.</p> <p>CORRECTIVE ACTION: The auditor required more consistent and formalized methods of documenting the training. The training for staff should state which curriculum they used in completing the training. The PREA Coordinator provided new-hire and employee PREA training completed during the corrective action period with consistent documentation.</p>

115.232	Volunteer and contractor training
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The LRRRC does not utilize internal volunteers and contractors. All services are provided to the residents outside of the facility within the community. If the agency were to utilize volunteers or contractors in the future, they would ensure they have the required training.

115.233	Resident education
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The LRRRC provides basic information to a resident during the intake process about the center's zero tolerance policy and how to report. The information is presented to

	<p>the resident during the intake process by going over key components of the handbook information and then requiring the resident to sign. The resident also views the video “What You Need to Know” and signs an acknowledgment form. The handbook lists both the Devils Lake Police Department and Safe Alternatives for Abused Families (SAAF) as reporting options. The form they sign only lists SAAF as a reporting option. These items need to be corrected to remove SAAF as a reporting option and only list SAAF under victim support services. Center staff review this information orally with residents with low literacy or comprehension levels or other disabilities or issues that may prevent them from learning this information on their own. PREA information is readily available throughout the resident’s stay on posters and in their handbook. The auditor verified compliance with this standard through staff and resident interviews and by reviewing a sample of training for residents.</p> <p>CORRECTIVE ACTION: The auditor required the reporting information be corrected in the handbook and PREA Training Acknowledgement form to list only the Devils Lake Police Department as a reporting option and SAAF contact information under the heading “Victim Support Services”. On June 28, 2023, the PREA Coordinator provided the updated poster, handbook and PREA Training Acknowledgement form.</p>

115.234	Specialized training: Investigations
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The LRRRC has trained facility investigators to conduct administrative investigations. The administrative investigator has completed the North Dakota Department of Corrections and Rehabilitation’s (NDDOCR) course PREA Investigator Training. All criminal allegations are turned over to the Devils Lake Police Department for investigation. The investigator through the police department has extensive law enforcement experience and has completed various training specific to sexual assault investigations. He continuously refreshes his training by attending training on sexual abuse investigations such as the one he is enrolled in for next month. He works with others to form a coordinated response effort to include the SANE nurse and the advocates from Safe Alternatives for Abused Families (SAAF). Specialized training included techniques for interviewing sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings, and the criteria and evidence required to substantiate a case for administrative action or prosecution referral. The department may refer allegations of staff criminal sexual misconduct to the North Dakota Bureau of Investigations.</p>

115.235	Specialized training: Medical and mental health care
	Auditor Overall Determination: Meets Standard

	<p>Auditor Discussion</p> <p>The auditor interviewed the nurse. The nurse was recently hired on a part-time basis but will be going full time at the end of June. The nurse was made aware by the PREA Coordinator that she needs to complete specialized training through the National Institute of Corrections “PREA 201 For Medical and Mental Health Practitioners” by the end of the month. The previous nurse had the required specialized training.</p> <p>They do not conduct forensic exams at this facility. As indicated through the interviews, she is knowledgeable in how to detect and assess signs of sexual abuse and sexual harassment; how to preserve physical evidence of sexual abuse; how to respond effectively and professionally to victims of sexual abuse and sexual harassment; and how and to whom to report allegations or suspicions of sexual abuse and sexual harassment. All residents who would report a sexual assault and need a forensic medical examination are transported to the local rape crisis center, SAAF, who has SANE services. Medical staff verbally inform residents that they must report any incidents of sexual abuse or sexual harassment that occurred within a facility. They would obtain informed consent prior to reporting incident about prior sexual victimization that did not occur in an institutional setting.</p> <p>CORRECTIVE ACTION: The auditor required that the nurse complete the NIC specialized training for health care providers and provide the documentation to the auditor. On June 27, 2023, the PREA Coordinator provided the requested training documentation.</p>

115.241	Screening for risk of victimization and abusiveness
	Auditor Overall Determination: Meets Standard
	<p>Auditor Discussion</p> <p>The auditor spoke with the Operations Manager, the PREA Coordinator, staff and residents, reviewed PREA policy, and reviewed resident screening documents. The LRRRC completes a screening process upon intake. The screening has all the required components as stated in the standards. Staff confirmed that they are continually reassessing a resident’s status. The auditor reviewed a sample of resident reassessments that were conducted within 30 days of the initial intake. Residents who are transgender or intersex are reassessed at least twice each year. Residents are also reassessed if referred, requested by a staff member, there is an incident of sexual abuse or there is receipt of any other information that increases the resident’s risk of sexual victimization or abusiveness.</p>

115.242	Use of screening information
----------------	-------------------------------------

	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>The LRRRC screening process is used along with other classification methods to determine placement within their housing areas. There are enough housing options to keep residents separate if the screening indicated this was necessary. All residents shower separately from other offenders. The center considers the concerns of a transgendered or intersex resident’s own view with respect to his or her own safety. Those views are given serious consideration, and this was demonstrated through the interviews of staff and residents. The facility does not place lesbian, gay, bisexual, transgender, or intersex residents in particular housing, bed or other assignments solely on the basis of such identification or status, nor does the facility consider lesbian, gay, bisexual, transgender, or intersex identification or status as an indicator of likelihood of being sexually abusive.</p>

<p>115.251</p>	<p>Resident reporting</p>
	<p>Auditor Overall Determination: Meets Standard</p>
	<p>Auditor Discussion</p>
	<p>The auditor interviewed administrators, staff, and residents, reviewed the policy and the resident handbook, and toured the facility. The LRRRC provides multiple external ways for residents to report sexual abuse and sexual harassment. Residents can call externally to family and friends, and call or write to the Devils Lake Police Department.</p> <p>The facility has residual information left in their handbook and on the documentation of resident PREA education about report to SAAF, the rape crisis center in Devils Lake.</p> <p>The LRRRC provides multiple internal ways for residents to privately report sexual abuse and sexual harassment, retaliation by other offenders or staff for reporting sexual abuse and sexual harassment, and staff neglect or violation of responsibilities that may have contributed to such incidents. They can report verbally to staff, write a grievance, put in a sick call slip and report to medical staff or the case manager. They also can speak with the Director, the Operations Manager, or the PREA Coordinator by making a request at any time. Staff accept reports made verbally, in writing, anonymously, and from third parties and promptly document any verbal reports. Staff can privately report to any staff within their chain of command or outside of the chain of command to any administrator.</p> <p>CORRECTIVE ACTION: The auditor required that all references in the handbook, on training materials and on posters to SAAF as a reporting entity should be removed. SAAF should only be listed on materials as a victim support service. On June 28, 2023, the PREA Coordinator provided the updated handbook, training materials, and</p>

	posters that do not list SAAF as a reporting entity.
--	--

115.252	Exhaustion of administrative remedies
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The LRRRC PREA policy states that sexual abuse and sexual harassment allegations are exempt from the grievance process and can be reported at any time. The resident handbook does not address the informal grievance process relative to sexual abuse or sexual harassment.</p> <p>CORRECTIVE ACTION: The auditor required the inmate handbook state that the LRRRC's informal grievance procedures are not to be used for reporting sexual abuse or sexual harassment. On June 28, 2023, the PREA Coordinator provided an updated handbook that stated the grievance process should not be used for this purpose.</p>

115.253	Resident access to outside confidential support services
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Residents have access to outside confidential support services. The facility has a Memorandum of Understanding (MOU) with the Safe Alternatives for Abused Families (SAAF) in Devils Lake for advocacy and victim support services. Both the nurse and the case manager stated that they would also make recommendations for residents to speak with a mental health professional at the Lake Region Human Services Center and make referrals for any follow-up services needed.</p>

115.254	Third party reporting
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The LRRRC website does not provide information on how an individual can make a third-party report. This information is on another Lake Region Law Enforcement Center webpage under the correctional facility. Third parties can report sexual abuse and sexual harassment to the Director, the Operations Manager, or the PREA Coordinator, and the phone number and address is provided on the correctional</p>

	<p>center website. Interviews with staff and residents confirm that staff and residents are aware that third-party reporting options are available. The LRRRC provides residents with reasonable and confidential access to their attorney. In addition, residents interviewed reported that they had contact with their families and others regularly who could report on their behalf.</p> <p>CORRECTIVE ACTION: The auditor requires that the third-party reporting information be repeated on the LRRRC’s webpage at https://www.lrlec.org/LRRRCreports.html. On July 20, 2023, the auditor verified that the LRRRC's webpage had third-party reporting information.</p>
--	---

115.261	Staff and agency reporting duties
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>The facility PREA policy requires all staff to immediately report any knowledge, suspicion or information received related to sexual abuse/harassment incidents, retaliation and staff negligence that may have contributed to such incidents. Staff are required to make such reports to the Operations Manager who immediately notifies the LRLEC administrators and the PREA Coordinator. All employees may privately report sexual abuse and sexual harassment of residents to their supervisor or any other facility supervisor. Random staff interviews confirmed their responsibility to report and to maintain that information in confidence. The PREA Coordinator, the Director, or designee, will assign an investigator for all allegations of sexual abuse and sexual harassment, including third-party and anonymous reports. Staff interviews confirmed their responsibility to report and to maintain that information in confidence.</p>

115.262	Agency protection duties
	<p>Auditor Overall Determination: Meets Standard</p> <p>Auditor Discussion</p> <p>The auditor reviewed the PREA policy, interviewed the staff and the administration. The facility requires all staff to take immediate action to protect the resident from imminent sexual abuse. All staff understand that “immediate” means when the response is needed – that could mean within minutes if the abuse were recent, or it could mean before the end of the shift for incidents in which an abuse was reported that occurred in the distant past. There have been no reported incidents over the past 12 months in which immediate protection measures were required because a resident was subject to a substantial risk of imminent sexual abuse.</p>

115.263	Reporting to other confinement facilities
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Interviews with staff and a review of notices made in the past for the LRLEC confirm that action will be taken upon receiving an allegation of sexual abuse while a resident was at another facility. Such action is initiated no later than 72 hours and actions are documented. These steps were also noted in the review of the policy. These notifications are made from facility head to facility head. There are no instances of such allegations received regarding another facility or from another facility regarding an incident at this facility for the past 12 months.

115.264	Staff first responder duties
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	Interviews with staff and a review of materials provided to the auditor verified their process to provide assistance; separate alleged victim/abuser; preservation and protection of evidence by securing the scene including that the victim does not take any actions that could destroy any physical evidence. The Operations Manager, the Director, and the PREA Coordinator are notified, the coordinated response is initiated with the individual being taken to the hospital or SAAF as appropriate. An advocate is provided, and the investigator is notified so that they may report to the hospital, and/or, to SAAF or to the facility to begin the investigative process.

115.265	Coordinated response
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The LRRRC coordinated response plan is defined within their PREA policy and their Sexual Assault Coordinated Community Response document. This plan coordinates actions among first responders, investigators, facility administrators, and medical and mental health providers. Staff interviews and interviews with the Operations Manager and the PREA Coordinator indicate that staff are aware of their responsibility to coordinate responses within the facility and with the SANE and advocate. The Operations Manager and the PREA Coordinator are notified. The coordinated response includes the individual being taken to the hospital or SAAF for a forensic examination as appropriate. SAAF typically handles the response at their facility which includes a SANE, an advocate for emotional support services and

	<p>accompaniment, if requested by the victim and the investigator so that the victim does not have to portray the circumstances of the assault repeatedly to multiple people.</p>
--	---

115.266	Preservation of ability to protect residents from contact with abusers
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The LRRRC administrators will remove alleged staff sexual abusers from contact with residents pending the outcome of the investigation. The facility is not restricted in any way from protecting residents from contact with abusers.

115.267	Agency protection against retaliation
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The PREA Coordinator is charged with monitoring for retaliation. She is assisted by the Operations Manager. Should any person who cooperates with a sexual misconduct investigation express fear of retaliation; appropriate protective measures will be taken. Retaliation monitoring will be discontinued should the allegation be unfounded. Measures include housing changes, removing contact of alleged staff/resident abusers and emotional support services for those who fear retaliation. Interviews with the PREA Coordinator confirmed her duties and responsibilities. These steps are properly documented in the PREA policy. The LRRRC will document monitoring efforts. In the event of an incident, the PREA Coordinator's monitoring efforts includes periodic status checks with the victim and/or anyone who suspects retaliation for reporting or cooperating with an investigation.

115.271	Criminal and administrative agency investigations
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The auditor interviewed upper-level staff and the investigators. There were no investigative files for the reentry center to review. However, the auditor reviewed files for the correctional facility that are also completed by the PREA Coordinator. Through the interview with both an administrative and the criminal investigator it

	<p>was determined that investigations are not terminated should the source of the allegation recant. Should criminal prosecution be considered, the investigator coordinates with the state’s attorney. Polygraph tests are not used during their investigations. The credibility of those interviewed by investigators is believed to be true until corroborating facts tell otherwise and is not made on the basis of that individual’s status as a resident or staff. All written reports are retained for as long as the alleged abuser is incarcerated or employed by the facility plus five years. Investigations will not be terminated due to the departure of an alleged abuser or victim. These steps are properly documented in the PREA policy. The investigators have completed specialized training. The investigations include efforts to determine whether staff actions/failures contributed to the abuse documented through written reports, which will include physical/testimonial evidence, credibility assessments and investigative facts and findings.</p>

115.272	Evidentiary standard for administrative investigations
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The investigator was knowledgeable as to the standard for administrative investigations. They are fully aware that the facility uses no standard higher than the preponderance of evidence in making final determinations of sexual abuse/ harassment – meaning that the facility can take necessary actions when at the conclusion of the investigation the evidence leads them to believe the incident more than likely occurred (greater than 50%).</p>

115.273	Reporting to residents
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The auditor interviewed staff, and the investigators. The PREA Coordinator uses a form to report the outcome to the resident. If the allegation is against a staff member, the form includes information about if the staff is no longer posted in the resident’s unit and/or if the staff is no longer employed at the facility. The form also includes information regarding if the alleged abuser is indicted on a charge related to sexual abuse within the facility or has been convicted of an offense related to the sexual abuse within the facility. The resident signs the form to document receipt of this information. The outcome states whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded. If the resident refuses to sign the findings form or the resident is no longer in custody at the facility, the PREA Coordinator will document this on the form. There were no incidents reported at the reentry center.</p>

115.276	Disciplinary sanctions for staff
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The auditor interviewed upper-level staff and reviewed PREA policy. Staff are subject to disciplinary sanctions up to and including termination for violating agency sexual abuse or sexual harassment policies. Termination is the presumptive disciplinary sanction for staff who have engaged in sexual abuse. Disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) are commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories. All terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, are reported to law enforcement, unless the activity was clearly not criminal.

115.277	Corrective action for contractors and volunteers
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The auditor interviewed the Director, the Operations Manager, and the PREA Coordinator, and reviewed the policy. There are no volunteers or contractors working in the reentry center. However, if there are in the future, volunteers and contractors are subject to disciplinary actions including termination of services for violation of facility sexual abuse/harassment policies. According to the Director, should any violation of this type be substantiated, the facility has complete authority to administer remedial measures including prohibiting further contact with residents. Contractors or volunteers who engage in sexual abuse will be reported to law enforcement agencies (unless the activity was clearly not criminal). These requirements are outlined in their policy.

115.278	Disciplinary sanctions for residents
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The auditor interviewed administrators, staff, and residents and reviewed policy. The facility prohibits disciplinary action for a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred. The LRRRC does not provide counseling or therapy to address and correct the underlying reasons or

	<p>motivations for abuse. If findings of resident-on-resident sexual abuse are substantiated, administrative sanctions will be administered following the formal disciplinary processes and applied commensurate with the level of infractions. Some examples given by the Director are loss of privileges and other minor sanctions for minor infractions. More serious infractions would be room restrictions, transfer, and additional criminal charges.</p>

115.282	Access to emergency medical and mental health services
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>Emergency medical response was not needed during the review period. The PREA policy documents PREA requirements for access to emergency medical and mental health services. Emergency services would be provided by Mercy Hospital. The LRRRC would coordinate with the Lake Region Human Services Center or the referring agency (BOP, NDDOCR) to provide mental health services. Treatment services are provided to the victim without financial cost regardless of whether the victim names the abuser or cooperates with the investigation. The procedures were verified both through review of policy and through conversations with staff, the nurse, and the case manager.</p>

115.283	Ongoing medical and mental health care for sexual abuse victims and abusers
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The auditor interviewed upper-level staff, and the nurse, and reviewed the PREA policy. The LRRRC will offer a medical evaluation and, as appropriate, offers treatment to all offenders who have been victimized by sexual abuse in any prison, center, lockup, or juvenile facility. The evaluation and treatment will include follow-up services, treatment plans, and, when necessary, referrals for continued care following their transfer to, or placement in, other facilities, or their release from custody. The LRRRC provides such victims with medical and mental health services consistent with the community level of care. Offender victims of sexual abuse are offered tests for sexually transmitted infections and pregnancy as medically appropriate.</p>

115.286	Sexual abuse incident reviews
----------------	--------------------------------------

	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The auditor interviewed the Director, the Operations Manager, and the PREA Coordinator. No investigations met the requirement for an incident review; however, the auditor reviewed their annual review of all incidents. The review process is outlined within policy. The auditor recommends that rather than a free-flow narrative report they use some type of incident review form so that all questions are asked during the review process – change in policy or practice, motivation, physical barriers, staffing levels and monitoring technology. The review team includes the Director, the Operations Manager, the PREA Coordinator, the investigator, upper-level administrative staff, the case manager, and medical staff when appropriate.

115.287	Data collection
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The auditor interviewed the Chairman of the Lake Region Law Enforcement Center Governing Board, the Director, the Operations Manager, and the PREA Coordinator, reviewed the PREA policy, and the aggregate data from 2014 to 2022 posted on their website at https://www.lrlec.org/LRRRCreports.html . The facility has not been asked to provide data to the Department of Justice.

115.288	Data review for corrective action
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	The auditor interviewed the Chairman of the Lake Region Law Enforcement Center Governing Board, the Director, the Operations Manager, and the PREA Coordinator, reviewed the PREA policy and the annual report. The LRRRC’s review and annual report are aimed at assessing and improving the effectiveness of the center’s sexual abuse prevention, detection, and response policies, practices, and training, including identifying problem areas, taking corrective action on an ongoing basis. Their annual report is posted on their website at https://www.lrlec.org/LRRRCreports.html . The Chairman and the Director stated the PREA Coordinator prepares the annual report and submits it to the administration for approval prior to publishing on the website. The auditor recommends that the report have a signature block for the Chairman and the Director as well. Although aggregate data is posted on the website for 2014 through 2022, the annual report does not have any

	<p>comparative analysis statements.</p> <p>CORRECTIVE ACTION: The auditor requires an updated annual report for 2022 be posted with a comparative analysis statement. On July 20, 2023, the auditor read the updated 2022 Annual Report posted on the LRRRC website. This report contains a comparative analysis.</p>

	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>The auditor interviewed the Chairman of the Lake Region Law Enforcement Center Governing Board, the Director, the Operations Manager, and the PREA Coordinator, reviewed the PREA policy, the annual report and the posted aggregate data that is posted on the website. The PREA policy addresses data storage, publication, and destruction requirements. Data collected is retained via limited access and it is retained for at least ten (10) years. The auditor was able to review the aggregate data posted for the years 2014 to 2022.</p>

115.401	Frequency and scope of audits
	Auditor Overall Determination: Meets Standard
	Auditor Discussion
	<p>This is the fourth audit for the LRRRC. The LRRRC 's last audit was conducted on June 4 & 5, 2020. The auditor had complete access and observed operations in every area of the center. The auditor requested many documents throughout the audit process and will continue to request documents through the corrective action period. The LRRRC staff were very cooperative throughout the audit process. The LRRRC provided private accommodations to conduct interviews. The auditor notices were posted throughout the facility and the auditor received an electronic message to verify they were posted within six weeks of the audit. The auditor did not receive any confidential correspondence from residents.</p>
